

ACADEMY of DIGITAL MEDIA PRODUCTION

Students in the Academy of Digital Media Productions develop exemplary communication skills through authentic, media-based experiences. Students have the opportunity to work in a state-of-the-art production studio. Projects include creating and producing the weekly Clairemont Student News as well as additional creative productions. Academy students have a strong desire to use light, sound, video, and web-based tools to capture, communicate, and enhance the lives of those around them. Academy students promote teamwork, communication, creative thinking, and decision-making abilities—traits that are necessary to function successfully in the competitive and media-rich twenty-first century.
