All stressed out from your day in the classroom? Looking to spend time with your friends after school? Look no further as Clairemont High offers a variety of clubs to choose from.

At Clairemont High, clubs offer a chance to share your interests with other classmates, and give opportunity to meet new students who share similar interests to you. With the wide array clubs and extracurricular activities, you can partake in the Chieftain experience!

Whether you're interested in hanging out with your classmates after school, getting involved in a community with other students, or learning something new, our clubs have something to offer to every student. It's never too late to join a club.

For more information about Clairemont clubs; please contact ASB Advisor, Andy Ko at ako@Sandi.net.
